

CAST SLIT with "Hole in the Wall" Enclosure [Class 2 Fireplace]

Index # 11, Rev-17, Page 1 of 5

CVO Fire : 01325-301020 : www.cvo.co.uk : sales@cvo.co.uk

OPTIONS:

- CAST SLIT BURNER: Black Powder Coated Steel (Stainless Steel burner available upon request)
- ENCLOSURE : Black Steel, Brushed Steel or Stone. Single and Double Sided Options Available.
- METAL FASCIA : Powder Coated Flat Black, Brushed Stainless Steel or Bronze
- STONE FASCIA : 4pc Stone Fascia in small or widescreen size in wide choice of natural stones.

CE APPROVAL:

Currently CE tested, approved and available for all member states where the following gas categories are used.

Natural Gas I2H-G20-20mBar

LPG/Propane I3P(37)-G31-37mBar

DIMENSIONS:

See attached technical drawings for small and widescreen versions.

CAST SLIT POWER RATING:

High and low flame setting (gas only):

Heat input high: NG – 7KW LPG – 7KW

Heat input low: NG – 4.6KW LPG – 4KW

Approximate running costs per hour on high (subject to your gas supplier tariff): NG – 9p LPG – 37p

OTHER TECHNICAL INFORMATION:

1. The gather is supplied as an optional extra. This has been designed to be inserted into the builders opening and then lowered onto the enclosure hence allowing for a smaller construction opening.
2. As the fire is 7kw no room ventilation is required. Fire is designed to be used within a single sided enclosure of the shown dimensions with a Class 2 chimney or with a flue liner of 127mm diameter and a minimum flue length of 3 meters.
3. If installing the cast slit into a Class 1 Chimney it is recommended that the CVO Enclosure and Gather are both used to ensure flame activity is stable and to reduce heat loss.
4. ODS (Oxygen Depletion System) fitted to fire to monitor oxygen levels in the room.
5. A double sided or see through enclosure is available upon request.
6. The burner is available to purchase as a stand alone item for installation into existing and bespoke fireplaces designs.
7. There are 3 Fascia styles available:
 - a. Small Stone : See attached technical drawing – there are many natural stone types to choose from.
 - b. Widescreen Stone: See attached technical drawing – there are many natural stone types to choose from.
 - c. Flat Metal Fascia: This is a very basic metal flange – 745mm Wide x 445mm High.
8. Bespoke designs – there are unlimited options for using the cast slit burner in bespoke designs – ask for details.
